Our Security. Your Peace of Mind.

Easy & Fast

One Action to Trigger

With a single press of a button you can notify your whole community of an emergency

24/7 Availability

HUVA has 99.9999% availability. It uses leading cloud based services to deliver high accessibility.

Plug & Play

H1 will be the easiest security device you will ever use. Just plug it to power and you are good to go !

Island wide Functionality

HUVA works throughout the country. We use GSM technology, giving us superior reach.

Security & Safety

115 dB Alarm Sound

HUVA produces an astonishing 115 dB sound output. This volume level is approximately equal to the sound of sandblasting.

36 hour Power Backup

HUVA packs an impressive 36 hour battery backup. You don't have to worry about additional power sources.

Smart Features

Smart Trigger

You can trigger the alarm with the RF remote.

* Available only for the H1 remote modules

Real-Time SMS Notification

Once Alarm is initiated the community will be informed with additional information via SMS

Community Powered

HUVA H1 is a community powered device. This means your unity is your power !
